Little Cards for December

Cut out and tuck one into a stocking or slip it onto a desk. A few words to brighten the day.

I'm so glad you're here.

You've already done so much.

Your ideas make our class more fun.

You can be proud of yourself.

Thank you for your patience.

It's brighter here with you.

Step by step, you've got this.

I can't wait to see all you'll learn.

Warm winter wishes.
